Sunset PARCCing

Sing it with me, "It's the most wonderful time of the year..." Well, maybe not, but it is important. I would like to thank you for your support in getting kiddos to school on time ready to go during the testing window. This is especially important due to the fact that if a student is late for the start of the session they will not be able to join their class until the following day if they are not available. We don't want anyone missing out on an entire day if they make ups are the rules. We also ask that you do your best at home to ensure students have enough rest and please do not schedule appointments during testing unless absolutely necessary. Our goal is to keep things as normal as possible throughout testing and good attendance is key to making this possible.

SUNSET PARK IS ON
OUR WAY TO ACHIEVING
LIGHTHOUSE STATUS

A couple of other items that we wanted to bring to your attention are that we will not be pulling students out of sessions for anything short of a complete emergency and that the Media Center is off limits for all visitors throughout the testing window as we do not want to risk any test invalidations. Thanks for your attention and support of these modifications.

Our students and teachers have worked really hard this year and I'm really excited to see the fruits of their labor. I'm sure they will make us proud!

Thank You

An attitude of gratitude will serve you well. Knowing this, Sunset Park has much to be thankful for and we want to make sure you know it. We want to thank all of our miscellaneous donors for paint, signs, effort, money and support. All of your assistance is much appreciated and we wouldn't be the same without you. We would like to thank our families for jumping in and supporting us in our No Bully efforts. We are learning right along with you and your input is vital to our success in our No Bully Roll Out. I think our presenter was in shock with all of the great support and excellent questions our community had at our last event. Many parents were thirsty for more. Keep your eyes peeled for our Peace, Love & Art Night coming later this year. It should be a lot of fun and will also support Diabetes research and support in our area.
