

# Sunset Park March Newsletter

## Special points of interest:

- March 1st is the last day of the Choice Window.
- Congratulations Mrs. Mattivi on being selected for the CSU-P Educator Hall of Fame!
- Thanks to all that supported the PTCA Chocolate Sale. This is the primary source of funds for fieldtrips, special days, awards, technology support, and many other worthwhile ventures. Thanks to our PTCA Leadership for their hard work as well.
- A special thanks to Mrs. Taylor and C & C Recycling for getting us the container and the recycling cans for each classroom.
- Good Luck at the regional competition on the 11th DI Teams!!!

## Living the Habits

As you know this is our first year with the Leader in Me. We believe that if a person lives their life following the wisdom of the Habits they almost can't help but live a productive life. We are encouraging you to discuss the Habits with your child at home. You can use them to support all manner of positive traits you are trying to instill in your child such as; being proactive by showing good attendance habits and being on time or putting first things first by finishing homework and chores prior to playing games. The Habits are about living a productive satisfying life, not just a gimmick to get students to complete school work. The Habits even give you an excuse to get out and play as a family, exercise together, go for a hike or have family game night. The Habits truly encompass every part of our lives and can benefit us all now and into the future.

**Pueblo's only Leader in Me School**

Please let us know if you have any questions, are interested in sharing your greatness with Sunset Park in some way or would like some ideas of how to use the Habits at home. Sunset Park would also like to thank some of our families that have chipped in with lending us your talents, donating money or supplies or just jumping in and helping out. It has been a magical transformation to date and we are just getting warmed up. Together we will keep Sunset Park at the top of the list of great schools in Pueblo.

## Governor's Distinguished Improvement Award

Hip Hip Hooray!!!! Congratulations Sunset Park on winning the 2016 Governor's Distinguished Improvement Award!!! Thanks to all of our hard working staff and supportive parents for making this possible. Thanks to our students as well for giving their best effort every Spring on the state assessments.

Mr. Hull will proudly accept this prestigious award on behalf of Sunset Park this Wednesday. I wish I could bring everyone up to Denver that helped make this possible, but obviously they would have to hold the event at the Pepsi Center to hold all of you!!! Once again Sunset Park you make us proud. Keep up the hard work because as you can see it is noticed and always pays off in the long run.
