Go Big, Work Hard & Be Good

May 1st-June 6th

Wow! That Was Fast

I guess it is true, time really does fly when you're having fun! We must have had a ball this year at Sunset Park because I can't remember a year ever going faster. As I'm sure you know Sunset Park set a school wide WIG of 96% Attendance for the 2017-18 School Year. Well we didn't quite make it (94.4 when this went to print), but we did show improvement from last year (93.8), beat the district by 1.3% and we got some extra recesses in the process. Just goes to show you if you focus on it you can improve it! Thanks for your support.

Sunset Park will be entering into some uncharted waters for us next year with the four day school week. I encourage you to join the PTCA and offer us your voice in meeting as to what is working and what isn't. We want to make this a smooth and positive transition for all. Also, in regards to the PTCA we want to thank you for your consistent support throughout the year. We would not be able to do what we do for our kids without you. Next year students will be able to look forward to three chilled water stations and a couple new Chromebook carts as a result of your hard work.

Finally, thanks for trusting us with your kids. We work hard to keep your trust and I believe through our partnership we have once again produced a 5th grade class that Middle Schools will be fighting over. Keep Leading Class of 2025!!!

Remember to live the Habits in the summer months too. Never stop Leading!
