

# Sunset Park November Newsletter

## SPECIAL POINTS OF INTEREST:

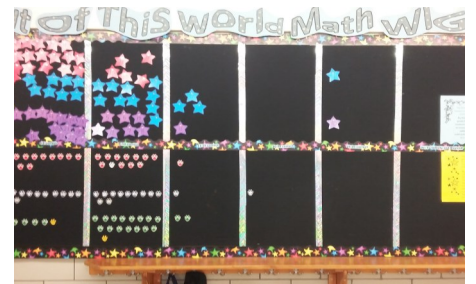

- Thanks for your support of the 7 Habits of Successful Families Nights. Our next Family Night will be Tuesday, November 27th.
- For our tech savvy folks out there I wanted to make sure you knew we have an Instagram page for our Art Program Mrs. Ridpath has set up. Follow us @ Sunset Park Art. Enjoy
- Remember to bring in your Box-Tops.
- Remember to check out the Sunset Park Website for news & announcements.

GO BIG, WORK  
HARD & BE GOOD

NOVEMBER 1ST -  
30TH

## Don't Blink...

Believe it or not, as of November 1st there are only 25 more days of school in 2018. Really... It will certainly be fast and furious and every day matters. Our staff is working really hard to get information out in a timely manner, but as always if you have questions please give us a call so we can get you the information you need to support your child. 549-7610. Signing up for Classtag is another great way of staying informed.

**Our First and Second Grade  
WIG Scoreboard**

November is the perfect month to think about displaying our gratitude. With Thanksgiving coming soon think about the blessings in your life and don't keep it to yourself. It's proven that people that show gratitude for the good things in their lives are also generally happier as well. This happiness only increases if you share your appreciation with those that have been good to you and supported you in your life.

So I'll go first... Thanks for trusting us with your kids, thanks to the best staff in Pueblo for all of your hard work and leadership, thanks to the PTCA for supporting us and helping us help kids and finally thanks to my friends and family for their love, support and friendship. Wishing you all a blessed holiday season.

## WIG Progress

So Far So Good as it goes for our Beginning of the Year WIG progress. Our attendance has been pretty good so far at 95.6% as of October 25th. This is up a full percentage point from last year. Now if we can just avoid the January/February slide we will have a legitimate shot at 96% by June 1st, 2019. As for our Math WIG, our Number talks are going great! We have students testing out of Extra Math on a daily basis and kiddos from KDG-5th Grade are moving up their Data Boards all across the school. Keep up the Hard Work Guys! You can do this!!!
