Go Big, Work Hard & Be Good

Peace, Love & Habits...

I have to start this article with giving thanks to our PTCA, staff and community for a wonderful Fall Festival!!! What a great event and example of the synergy we have when we all work together. Thank You!

Next up will be our second session with The 7 Habits of Successful Families trainings. This Month we will learn about Habit 1 Be Proactive. We would love it if all of our parents from the first session can make it. If you didn't get to the first one it is time to be proactive and get on down for session two. We can catch you up. An invite will come out in about a week with additional information. Thanks for your interest in supporting your child, family and Sunset Park as we spread the habits throughout Pueblo.

Finally, The annual Peace Summit will take place on Saturday, October 20th from 10:00-1:00 at the Events Center on the fairgrounds. All schools will have a booth. There will also be performances and guest speakers. Some come on down to see what Pueblo City Schools is doing to teach positive relationship skills and reduce bullying.

For all of these events please feel free to call if you have any questions 549-7610

Parent Teacher Conferences

We will be working on a new formula once again for conferences this year with the adaptation to the four day week. The current days will be Wednesday the 24th and Thursday the 25th of October from 3:15 to 6:00PM. Preschool will be working on their own schedule for conferences that will be spread out over a number of weeks.

We are also working on moving to a student led model in every grade. We believe that when students take ownership of their education it empowers them to see just how their efforts can directly impact their WIGs and performance. I also hope you enjoy your child's Leadership Notebook. They have been working really hard on them.

Pease be safe while Trick or Treating this Halloween.

October 1st-31st

Special points of interest:

- *Ask your child about "Number Talks". This is a new strategy in Math that we are working hard to employ in every classroom..*
- *Please bring in your unused coats for the Title 9A Coat drive. These coats will be donated to homeless kids in our community.*
- *Students may wear Halloween shirts, colors and hats for Halloween this year. Contact your child's teacher in regards to parties, but there will be no costumes please. Thanks.*
- *Our attendance has been awesome!!!! Thanks so much!*
- *Remember not to use the front doors as a main entrance.*

Sunset Park will move from 25% mastery in basic Math Skill Mastery to 75% for all students by June 1st, 2019
