## Fall Festival

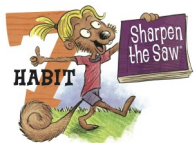

I'd like to begin this section with giving thanks to our hard working PTCA (Parent Teacher Community Association) for their purchase of the three refrigerated Water Fountains/Bottle Filling Stations. These have been a long time coming and they are much appreciated. These are the types of things along with technology, fieldtrips and special events that your support of the PTCA and it's fundraisers contributes to.

## “WIG”ging Out!!!

What a positive start to the year. Thanks for your trust, support and getting your child to school every day on time. Our attendance is rocking and we very much appreciate your support. The Sunset Park WIG or Wildly Important Goal is to move our attendance from 94.5% in 2017-18 to 96%+ by June 1st of this year. This is a continuation from last year's goal as we made it halfway there last year!

For 2018-19 Sunset Park is adding an Academic WIG as well. The staff and students at Sunset Park will be focused on basic grade level Math Fact Mastery. We believe that if we can get mastery of these skills that it will free up more brain power for higher level math thinking and set students up for Math achievement as they move forward.
